

MODULE 4: Can You Relate?

Empathize with Kimberly

1. Now that you know a little more about Kimberly, why do you think she feels embarrassed walking into school?

2. Why do you think she felt despair when she became a target of cyberbullying?

3. How have your thoughts about Kimberly and her situation change since you watched the video? How would you feel in her situation.

4. Can you see why Kimberly would connect her experience to an event that happened last year? How does cyberbullying amplify existing issues at this school?

5. How would you craft a school policy to address the problem of cyberbullying in Kimberly's school? Do you think it should have jurisdiction outside of school grounds and school hours?
